STATE REJECTS DONATION FOR THE LOUISA-INEZ ROAD

NOT LOOKING FOR ANY MORE OPPORTUNITIES TO WRANGLE WITH CITIZENS.

Ashland, Ky., April 30, 1921. Judge Billie Riffe, Louisa, Ky. Messrs. Augustus Snyder, Louisa, Ky. John McClure, Gallup, Ky. W. T. Fugitt, Gallip, Ky.

Gentlemen: Referring to your court order of recent date appropriating \$33,500 on the Louisa-Inez road.

I had recommended to the State Highway Commission to accept this donation and I had planned to place a crew of engineers on this survey the coming week. In talking with the different citizens of your county, and on last Tuesday while visiting Louisa for the sole purpose of making a reconnaissance trip over these routes I found that the citizens east of the C. & O.R.R. were very much worked up over the different proposed routes, and even before I had made any investigations whatsoever, had made the statement that I was prejudiced against certain routes, and one or two of your leading citizens and some of your county officials have made the statement that the State would never do anything with this money but would drive stakes and let them rot out as they are doing along the Mayo Trail. After considering the whole matter, I am of the opinion that it would make no difference whatsoever how this money was spent, that we could accomplish very little with such a small amount of funds, and since your citizens are so determined to have another wrangle like they did over the Mayo Trail, I am just as determined not to have anything whatsoever to do with the location of that road at this time.

I recommended to Mr. Boggs not to have this survey made and to recommend to the State Highway Commission on Monday, May 9, to refuse this donation on account of the above stated reasons. I just received a letter today from Mr. Boggs agreeing with me, and I suppose your county officials will receive a letter after the Commission meets on the 9th refusing this donation.

Since your county has so many citizens in it who think themselves engineers and capable of handling your county's funds, I think it would be a good investment for the county for you to construct this road yourselves and let the gentlemen direct the expenditure of your money without engineering advice as I believe the lesson would be a good one for your citizens.

Personally, I do not care to be mixed up in another wrangle as before, as the results which we could get in this particular piece of road would not justify the trouble and money attached to its construction.

Yours very truly,
M. E. S. POSEY,
Division Engineer.

SUGGESTIONS TO DRIVERS OF AUTOMOBILES

Keep to the right of the road.
Slow down at crossings.
Signal for a stop to turn to the cars behind by holding out the left hand.
Apply brakes slowly. Change speed rates slowly. Drive carefully.
Be prepared to help any motorist in trouble on roads distant from garages.
Be prepared to give pedestrians "lifts" on country roads.
Stop car when meeting drivers with sheep, swine or cattle on country roads.
Park only at side of roads, leaving fair way.
When parking at night leave warning lights.
Have headlight dimmers and use them when meeting and passing other motorists at night.
Give all vehicles, especially loaded trucks, a good half of the road.
Take hills on the right side of the road. Go over the crest carefully. Avoid coasting or speeding around curves at foot of hills.
Be courteous to pedestrians. Do not drive your car at them full tilt and laugh when they jump.

To Louisa Drivers.
The Brunswick Hotel corner is a dangerous place for automobiles. Going from the full with Main Cross-st. pavement to the narrow paving on Madison-st. makes a constricted area with no chance to get a view of approaching machines far enough ahead to avoid trouble if speed is high. Slowing down before reaching the corner is the only safe course.

CAUSE OF FAILURE.

Men fail for various reasons, little and big.
Most men fail because they are lazy.
To be lazy means—to be late, to be slovenly, to be a poor economist of time, to shirk responsibility.
It means to say of anything that is clamoring to be done: "No I'm not going to do that, because it isn't my work."

Laziness is at the back of most of the lesser reasons for failure. The minor causes are derivative from that one great major cause.
It is so easy to dream in the sun and let the world go by; to dawdle and procrastinate, till one wakes up—too late.
Late and lazy are, in fact, first cousins.—Philadelphia Ledger.

LAWLESSNESS RAMPANT AGAIN.

Louisa has suffered recently from the lawlessness of a few fellows who like to see how far they can go in terrorizing the community. They try out the officers occasionally and if the officers fail to do their duty the disorderly conduct reaches a stage that disturbs the law abiding citizens very considerably, and injures the reputation of the town. Liquor is used as the excuse, but it is only an excuse and not the cause.

There is law enough to stop all this lawlessness if it is executed. There is not a man anywhere so bad that he can not be taken into custody. The law gives an officer almost unlimited authority to subdue the law-breaker who violently resists arrest.

A peace warrant in the hands of a fearless court is a very effective means of dealing with disturbers and should be invoked in every possible instance. Bonds must be fixed high and no bond accepted that is not legally worth the amount.

JAS. T. HACKWORTH DIES IN ASHLAND

Mr. J. T. Hackworth, aged 60, passed away Friday evening of last week at the King's Daughters' hospital following an illness of two months due to stomach trouble.

James Thomas Hackworth was born December 12, 1860 in Carter-co., Ky. His parents moved to Ashland during his infancy and he has made Ashland his home since. He was a successful merchant, operating a wall papering and painting establishment for a number of years. He was an Elk and a Mason.

At the age of thirty he was joined in matrimony to Miss Florida Avis Eves of Louisa. Four children blessed this union, twin boys, Lucien and Leon, and twin girls, Helene and Hermine. Hermine died in infancy. He was a devoted father and husband and will be greatly missed by the bereaved family.

He had been ill two months before entering the hospital and was there only a week before death alleviated his sufferings.

In addition to his wife and children, two brothers, W. W. Hackworth of Russell, and J. N. Hackworth of Tacoma, Wash., one sister, Mrs. Frank Martin, of Mississippi City, Miss., and a host of friends and acquaintances mourn his death.

The funeral was held from the home on West Lexington avenue Sunday afternoon.

This pretty home was lavishly in our flowers and many beautiful designs, mute testimonials of the high esteem in which he was held. Rev. Dr. W. C. Condit, pastor of the First Presbyterian church had charge of the services and he paid a splendid tribute to him.

The remains were carried to Ashland's Beautiful City of the Dead and laid to rest by the side of friends who have long since crossed the bar. The Masonic order of which Mr. Hackworth was a member attended in a body, and had full charge of the funeral rites at the cemetery. The Elks, another order to which he belongs also attended the services in a body.

Mr. "Dock" Frazier Dies Very Suddenly at Ft. Gay

Mr. S. Z. Frazier, known as "Little Dock," died suddenly Wednesday morning at his home at Fort Gay, W. Va. Heart disease was the trouble. He was in Louisa Tuesday afternoon, apparently enjoying good health. About 3 o'clock Wednesday morning he awoke, feeling somewhat sick. Later on he got out of bed and walked around for awhile. After lying down again death came almost instantly.

The funeral and burial will take place at 10 o'clock Friday. He was a consistent member of the M.E. Church South, and the services will be conducted by Revs. J. D. Bell and H. B. Hewlett of Louisa, according to our information.

Mr. Frazier was 56 years old. The wife and two daughters survive him.

He was one of Wayne county's most highly respected citizens. His life was of the steady, peaceful type that marks the substantial citizen. He was found on the side of good morals in all questions that arose in his community or state. The death of such a man is a real loss.

SERIOUS CUTTING AFFRAY IN LOUISA

On last Saturday night about eleven o'clock Lawrence Dixon was found lying on the sidewalk on Main street by the court house square, with two severe knife wounds in his body. He had bled profusely. He was taken to the hospital and for a time it was thought he had no chance to live. One wound was in the upper part of the left lung and the other in the abdomen. His condition shows so much improvement now that his recovery is expected.

Nighbert Damron, of Chatteroy, W. Va., is charged with having done the cutting. He was arrested at Williamson a day or two later. On Monday evening his father, John Damron, accompanied Nighbert to Louisa. On Tuesday morning he was taken before Judge Riffe. Examination was waived and bail fixed at \$10,000. He executed bond and returned to his home in West Virginia.

The cause of the trouble has not been divulged. The two men were alone at the time and Damron went across the bridge into West Virginia immediately after the affray.

Damron is about 23 years old. Recently he bought a grocery and confectionery business at Chatteroy that Lawrence Dixon & Co. had owned for three or four years. Lawrence then moved his wife and two children to Louisa.

O'DOWD-BRICKNER.

The following account of the marriage of Mr. John Brickner of this place is from a Newton, Kansas, paper:

Mr. Brickner is superintendent for his uncle, T. F. Maloney, who has a large acreage of oil lands around Louisa. He has been here about two years and has many friends whose best wishes are extended to him and his bride.

A wedding of much interest to Newton people because of the popularity of the bride, Miss Kathryn O'Dowd of this city and Mr. John Brickner of Louisville, Ky., was solemnized Tuesday morning at St. Mary's church at 9 o'clock, R. Rev. Msgr. M. Maguire performing the nuptial ceremony in the presence of many relatives and friends.

The attendants of the bride and groom were the bride's sister, Miss Jewell O'Dowd and Mr. George Lindaman.

Miss Christine Miller played Lohengrin's wedding march for the procession to the altar. Miss Catherine Penner sang, "Calm as Night" and "Because" accompanied by Miss Miller.

Rev. William Schaefer sang Milard's "Ave Maria." Miss Zeida Hanna accompanying. Miss Miller played Mendelssohn's wedding march as the bridal party left the altar.

Following the ceremony a wedding breakfast was served to a company of forty-five at the home of the bride's parents, Mr. and Mrs. Chris. P. O'Dowd the girl friends of the bride serving the menu.

Mrs. Brickner is a favorite in Newton, having a prodigious talent in music, that amounts to genius in violin playing. She has been always willing and ready to contribute musical numbers for the pleasure of the public whenever requested if possible to do so.

Altho young, she has accomplished in music what many could not do in long years of study and practice, carrying also her high school course.

She studied violin at the State University and also taught classes while there. She was instructor of violin one year at St. Mary's academy at Dodge City. Last year she trained and directed an orchestra of professional musicians in a year's course on the chautauqua course in the western states. She has played in orchestra in Newton a great deal and has won the admiration and warm regard of the entire city who loved her music and felt a pride in her accomplishment.

The groom is a stranger in Newton but is a long time friend of the family, the match being a first-love affair, beginning when they were lad and lassie. Mr. Brickner is engaged in the oil business and they will live at Louisa, Ky. The best wishes of many friends attend them in their new home.

There's Economy in QUALITY

Your years of buying clothes have bought you that simple fact. There's more need for emphasizing it right now than ever.

Your own good judgment will tell you that the "cost per year" basis is the economical way to figure clothes cost.

N. T. H. Clothes are made and sold on that basis. They look better and wear longer. Their quality makes them the most economical clothes you can buy.

The West Virginia Legislature has adjourned, after an important session.

Congress proposes to make a separate peace with Germany, according to Senator Lodge. This means that Germany will dictate the terms and we will surrender all the indemnity provided in the settlement agreed upon by the Allies. A separate peace by resolution, which means a desertion of our Allies in a most critical hour, will stand in history as an act of infidelity. Acting alone we can not compel Germany to do anything.

Congress has passed a bill restricting immigration for 14 months. There will be admitted from each country only 3 per cent of the number already here. The law will go into effect in 60 days.

CHURCH NEWS AND OTHER MATTERS OF RELIGIOUS NATURE

M. E. CHURCH SOUTH.

District conference here next week. See notice elsewhere.

Mother's Day next Sunday. Sunday School last Sunday was largely attended. We had 366 present. An interesting feature was 90 men in the Bible class. All the classes had a part in the program, which was fully carried out. Some of the classes read scripture lessons and others engaged in singing. One other interesting feature was a song by a child 3 years, daughter of Mr. and Mrs. Radcliffe. She sang the old time hymn, "Rock of Ages Cleft for Me." If a child three years old is willing to sing in church, could not we older ones do much toward aiding? The Stabler brothers gave a cornet solo with piano accompaniment which was enjoyed by the large audience. Altogether it was one of the best days in our church for a long while.

F. M. Thornburg, conference field secretary, was present. The Mother and Daughters Banquet announced for Friday of this week has been postponed until after the close of the revival at the M. E. Church.

There was no preaching services at our church last Sunday, the preaching services for the morning hour being dispensed with on account of the lengthy program that had been arranged for Sunday School, and there were no night services on account of the revival services at the M. E. Church. Publicity Committee.

FIRST BAPTIST CHURCH.

We had 212 at Sunday School last Sunday. No special effort had been made to attract strangers and no special program had been prepared, consequently the attendance was not much above our usual average. Our pastor preached to an unusually large morning attendance from the text, "And sitting down they watched Him there." He discussed the different characters who watched Jesus on the cross and discussed them in the way the modern day crowds are watching the Master. The sermon was delivered in Dr. Anderson's characteristic way and many saw the Christ as they had not seen him before.

Immediately following the sermon Bro. Thomas Ferguson was set apart to the work of a Deacon, and Bro. John Marcum was buried with his Lord in baptism. It was commonly remarked that no prettier or more impressive services were ever held in our church. As Dr. Anderson prayed as he and the young man stood together in the baptistry, that the Lord might set aside Mr. Marcum for some special service, many eyes were moved to tears.

Our B. Y. P. U. had a splendid meeting at six o'clock and adjourned to attend the revival services at the M. E. Church on masse.

Dr. Anderson will preach a special sermon to the church members and earnestly desires that every member of our church and all other Baptists as well as all non-church goers, worship with us on next Sunday morning. "Come, then with us and we will do these good."

The pastor leaves next Monday to attend the Southern Baptist Convention which meets at Chattanooga, Tennessee. REPORTER.

REMEMBER to ask your grocer for Calumet Baking Powder and be sure that you get it—the Indian head on the orange label. Then forget about bake day failures. For you will never have any. Calumet always produces the sweetest and most palatable foods. And now remember, you always use less than of most other brands because it possesses greater leavening strength.

Now Remember—Always Use

CALUMET BAKING POWDER

There is no waste. If a recipe calls for one egg—two cups of flour—half a cup of milk—that's all you use. You never have to re-bake. HICKSVILLE

Died on the 27, Garfield Adams, son of Felix and America Adams. He was married to Miss Jennie Wood in the year of 1899. To this union 12 children were born, 6 boys and 6 girls, all of whom are living. He had been suffering from gall stones for several years and doctors advised him to be operated on, so on Monday, April 25 he was taken to Ashland hospital and operated on Monday night. He revived after the operation and doctors and nurses said he was getting along, they thought, nicely. But on Tuesday night he was taken worse and died Wednesday morning at 5 o'clock. He was accompanied to the hospital by Dr. Thompson of Webbville and his loving wife and son, Roscoe, and his two brothers, Charley and Drew. All were with him when the end came but drew. His brother Charley realized that he was putting his trust in the Lord and was praying and his reply was, "I'm all right and don't worry after me." He told his loving companion to meet him in heaven. "We know it is hard to give husband and father up, but God knows best and we must not weep, but just live a life that when Jesus calls us we can say we are ready and willing to go."

He was laid to rest in the home graveyard near where he was born and raised. Burial service was conducted by Bro. Bentley. A large crowd of sorrowing friends and relatives attended the burial.

We are having some very cold weather now for the time of year.

Bro. Charles Wilson is very ill.

Miss Stella Dalton went to Ashland to visit relatives in December and while she was there she was married to Mr. Alvin Bush, who has employment in West Virginia. She is a fine young woman and will be greatly missed here.

ACT QUICKLY

Do the right thing at the right time.

Act quickly in time of danger. In time of kidney danger, Doan's Kidney Pills are most effective. Ask your neighbor.

Plenty of Louisa evidence of their worth.

Mrs. A. Waller, Railroad St., Louisa, says: "I have a very good opinion of Doan's Kidney Pills ever since they cured me of an attack of kidney trouble and I gladly recommend them. I had been feeling weak and run down for some time before the attack came on. My eyes began to get swollen and puffy underneath and I would turn quite dizzy, especially when stooping forward. I could see black specks before my eyes and my back kept me in misery. It ached so continually, I saw Doan's Kidney Pills advertised, so I went to the Louisa Drug Store and got two boxes. I used Doan's as directed and they cured me up in good shape."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Waller had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

HOME CIRCLE COLUMN

A COLUMN DEDICATED TO TIRED MOTHERS AS THEY JOIN THE HOME CIRCLE AT EVENING TIDE.

A Good Wife.

"She was a good wife to me. A good wife. God bless her." These words were spoken in trembling accents over a coffin lid. The woman asleep there had borne the heat and burden of life's long day, and no one had ever heard her murmur; her hand was quick to reach out in a helping grasp to those who fell by the wayside, and her feet were swift on errands of mercy; the heart of the husband had trusted her; he had left her to long hours of solitude, while he amused himself in scenes in which she had no pleasure nor part. Children had been born to them. She had reared them almost alone—they were gone! Her hand had ministered to their wants. Then she had comforted him, and sent him out strong and whole-hearted while she stayed at home and cried. What can a woman do but cry—and trust? Well, she is at rest now. But she could not die until he had promised to "bear up" and not to fret, but to remember how happy they had been. They? Yes, it is even so. For she was blest in giving, and he in receiving. It was an equal partnership after all. "She was a good wife to me." Oh man! man! why not have told her so, when her ears were not dulled by death?

The Bible tells us that we should not judge people, but very few of us act on that population. It is true that sometimes for business or other purposes, it is necessary to judge what we can of a man's character. But our judgments are so apt to be unjust or wrong, and when they are repeated to others, that is where the trouble comes in. It rarely happens that we are in a position to judge another's actions fairly. Unless we live with them closely and are acquainted with all the currents of life that flow about them we cannot know the outside influences that are brought to bear on their actions. Even then, we can only judge what our own re-actions might be, with our type of mind, our inherited traits, and all of these things in each individual varies his reaction.

In forming our opinions of others we should try and take into account the happenings of their past life. If we think they are too gay or frivolous, perhaps they have never had a responsibility or a worry to make them otherwise; if they are too serious-minded, perhaps life has dealt them many sorrows and disappointments which it takes a very long time to live down.

Of all human qualities it seems that understanding is the greatest. The ability to put yourself in another's

place and understand his feelings is the greatest help that one person can give to another—not the way you would feel in his place, but to understand how he feels, with his own peculiar temperament. Such is indeed a God-like quality, for it is in this way that we hope to have judgment passed upon us when we reach that Court of Last Appeal.

Following is a pledge taken by the Good Cheer Club, founded by Mrs. Blanche E. Herbert. It is a very good rule to live by:

To promote Happiness. Efficiency and Civic Welfare I sincerely promise that wherever I am

I will talk Health instead of Sickness.

I will talk Prosperity instead of failure.

I will carry Good News instead of bad news.

I will tell the Cheerful Tale instead of the sad tale.

I will mention my Blessings instead of my burdens.

I will speak of the Sunshine of yesterday and tomorrow instead of the clouds of today.

I will Encourage instead of criticize.

I will be a Friend to everyone.

Half of greatness is grit. When intelligence is backed up with determination not to back down, the only thing under the sun that is impossible is something that can't be imagined.—Herbert Kaufman.

We can't all be great—great authors—great artists—great inventors. But we can all have great hearts, which after all is said and done, amounts to more.

Strive to make others happy and you will not need to worry about getting your own share of happiness.

Mr. Gallup Not So Well.

Sunday School Contest.

In the big Sunday school contest between Catlettsburg and Pikeville staged between Mayor Joel E. Childers and Mayor W. C. Harper, Catlettsburg won by 240. The number attending the various Sunday schools in Catlettsburg Sunday morning was 1781. At M. E. Church South, there were 497. There were 58 in the woman's class, at Christian church there were 170 and a large number at Presbyterian, M. E. and Baptist Sunday schools in Catlettsburg proper and many at Sandy City and Hampton City.

Pikeville is one of the most hustling and enterprising cities in Kentucky and considering the difference in the sizes of the two cities, Catlettsburg being considerably larger, our victory is not one to boast of by any means, but we are glad we won.

The returns indicate that the Southern Methodist Sunday schools in Ashland led by a considerable margin in the attendance piled up on the annual Go-to-Sunday-School Day. Some FACTS About

Ford
THE UNIVERSAL CAR

Here are authentic figures from the Ford factory at Detroit. They show you just how many Ford cars and trucks have been built each month since January 1, 1921, and how many have been sold to retail customers, in the United States.

	Produced	Retail Customers Delivered to
JANUARY	29,883	57,208
FEBRUARY	35,305	63,603
MARCH	61,886	87,221
Total Production	127,074	Total Retail Sales 208,032

showing that actual sales for the first three months of 1921 exceeded production by 80,958 Ford cars and trucks!

April requisitions already specify 107,719 additional cars and trucks and the estimated April output of the factory and assembly plants combined calls for only 90,000!

These facts clearly show that the demand for Ford products is growing much faster than manufacturing facilities to produce and were it not for the dealers' limited stocks, which are now being rapidly depleted, many more customers would have been compelled to wait for their cars. It will be only a matter of weeks, therefore, until a big surplus of orders will prevent anything like prompt deliveries.

If you would be sure of having your Ford car or truck when you want it, you should place your order now. Don't delay. Phone us or drop us a card.
